# CAft y COHO a conseha positivo: Aruba a haya su sosten di likides pa e prome kwartaal di 2022

*Gobierno di Reino a discuti efecto guerra na Ucraina pa nos region*

Aruba a ricibi 12 miyon florin di sosten di likides. Esaki ta e suma cu College Aruba financieel toezicht, CAft a recomenda na Consejo di Minister di Reino pa yuda presupuesto di Aruba pa 2022 cune. E suma aki ta pa e prome kwartaal di e aña aki, y ta e 8 tranche di sosten di likides.

Ayera Consejo di Minister di Reino a reuni pa determina si Aruba por ricibi e fondonan y e biaha aki si, despues cu a wanta cu e decision pa tres luna, a bay de acuerdo cu e sosten. Corsou y St. Maarten no a ricibi sosten ya cu CFT a considera cu no tabatin necesidad.

Manera ta conoci, Aruba desde 2020 ta ricibi sosten di likides for di Hulanda, bao condicion cu ta ehecuta e landspakket pa Aruba cu

ta nifica reforma grandi y tambe cu ta acepta supervision riba cumplimiento. Ta evalua e necesidad di likides

cada kwartaal, pero tambe e progreso riba ehecucion di e landspakket. Los di CAft, COHO, esta e Caribisch

Orgaan voor Hervorming en Ontwikkeling ta duna conseho pa sosten basa riba cumplimiento cu e landspak-

ket, y segun e reportahe di ehecucion. Segun COHO i.o (in oprichting), ehecucion di e landspakket den e ultimo tres lunanan a bay generalmente bon y den un colaboracion constructivo entre Aruba y e organo.

Conseho di Minister di Reino a trata diferente tema, entre otro tratadonan cu Corsou y St. Maarten kier sea, ademas e participacion di Hulanda na e reunion di G-20 cu ta tuma luga na Indonesia y nombramente di drs. B. Tazelaar kende ta bira Embahador di Reino na Merca y tambe pa Bahamas. Drs. Tazelaar lo asumi e posicion na 2023.

Pero locual tambe a discuti ta e consecucionan di e Guerra na Ucraina pa e area Caribense di Reino. Den e relato di Consejo di Minister di Reino no a elabora riba e conclusionnan.

## Delegacion KOREL kier conoce mas di e parti Caribense di Reino

### Senadornan Hulandes lo ta na Aruba pa bishita di trabao

Aruba lo ricibi bishita di un delegacion di 13 miembro di e comision fiho di Relacionnan den Reino di Eerste Kamer, KOREL di 4 pa 5 di Maart proximo. E delegacion bao liderazgo di e Presidente di KOREL, Sr. Paul Rosenmöller, ta realizando un bishita di trabao na e parti Caribense di Reino Hulanda. E delegacion a inicia su bishita ayera Diabierna, y lo bolbe Hulanda dia 6 di Maart.

E delegacion ta bishita tanto Corsou, St. Maarten y Aruba como e entidadnan publico Saba, St. Eustatius y Boneiro.

Meta di e bishita ta pa e delegacion KOREL ricibi informacion di su partnernan den Caribe tocante asuntonan cu ta importante pa e islanan. Pa e Senadornan Hulandes, e combersacionnan ta fungi como profundisacion di e pakete di ley cu Senado Hulandes, esta Eerste Kamer sea ta tratando of ta bay trata. Alabes, e bishita tin como meta pa fortifica lasonan den Reino.

E bishita ademas ta duna e voceronan di e fraccionnan chikito y mediando di Eerste Kamer e oportunidad pa cera conoci personalmente cu e parti Caribense di Reino. Esaki mirando cu normalmente

nan no ta forma parti di e delegacion di 'Staten Generaal,' cu ta consisti di miembronan di Eerste y Tweede Kamer cu ta participa na IPKO, esta e Interparlementair Koninkrijksoverleg, cu ta tuma luga cada seis luna.

Durante nan bishita, e miembronan di Eerste Kamer lo hiba combersacionnan entre otro cu Gobernador, Gobierno, ademas di representantenan di pueblo, esta Parlamentarionan. Pero tambe nan lo reuni cu organisacionnan di dunadonan di trabao, empresarionan, personanan y organisacionnan den e cadena hudicial, organisacionnan di consumidor, hobennan y otro.

E bishita a inicia na St. Maarten, despues lo sigui pa Saba, St. Eustatius, Boneiro, Corsou y lo conclui na Aruba, dia 5 di Maart. E dia despues e Senadornan lo bolbe Hulanda.

E miembronan cu ta den e delegacion bao liderazgo di Sr. Rosenmöller, Groenlinks, ta Toine Beukering di Fraccion Nanninga kende ta alabes vicepresidente di e

Griffier di e Comision Fred Bergman y Colaborador di Staff Maarten van Rooij ta guia e delegacion na nivel oficial.

#### Boris Dittrich

Mester bisa cu e bishita di Boris Dittrich na Aruba ta hopi interesante mirando cu e ta bolbe Aruba, despues di tabata forma parti di e delegacion di Tweede Kamer pa reunion interparlamentario di Reino durante e discusionnan riba e obligacion di Aruba pa inscribi matrimonio entre personanan di e mesun sexo.

E tempo ey, e Parlamentario cu alabes tabata lider di D66 a haya palabra fuerte y hasta confrontacion cu difunto Rudy Croes, e tempo ey Minister di Husticia kende

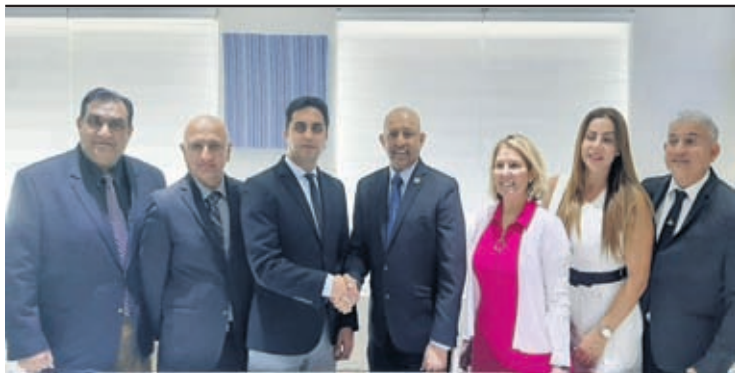

tabata hopi contra reconoce matrimonio di personanan di mesun sexo. Dittrich ta reconoci como un di e Parlamentarionan Hulandes cu mas a percura pa legislacion na interes di entre otro victimanan di crimen, unda danki na su proposicion di ley a haya e derecho pa hiba palabra durante Corte. Pero tambe victimanan di stalking a haya sosten legal di Dittrich, kende ademas a bin cu e ley cu a aboli e limite di tempo (verjaring) pa crimennan di asesinato y culpabilidad na morto. Pero durante su carera durante e periodo den Tweede Kamer y despues, Dittrich a traha duro pa reconocimiento di derechonan di e comunidad LGBTQ, a introduci igualdad di matrimonio.

Danki na su trabao, Hulanda a bira e prome pais na mundo pa legalisa matrimonio entre pareha di mesun sexo. Awe, un total di 27 pais a adopta e ley, incluso Colombia, Mexico y Brazil.

Na 2019, a eligi Boris Dittrich como Senador pa D66 pa un termino di cuater aña.

**American University School Medicine Aruba (AUSOMA) a duna un conferencia di prensa ayera mainta pa asina informa comunidad tocante un Memorandum of Understanding (MoU) cu nan a firma cu Hudson Valley Community College (HVCC) di Merca, den e cual hobennan di Aruba y di e region di Caribe lo wordo beneficia.**

## Awor studiantenan secundario tin opcion pa studia na Aruba cu acreditacion di Merca

Shaikh, presidente di directiva di AUSOMA a señala.

Di mesun manera el a splica cu nan ta emocionada di duna e paso importante aki pa formalisa nan relacion y asina fortalece e relacionnan di cooperacion den areanan di enseñansa y otro actividadnan academico.

Den proximo simannan AUSOMA Y HVCC conhuntamente cu Gobierno di Aruba lo finalisa e logistica y detayenan adicional di e programa unda cu nan tin calcula di cuminsa cune na luna di september pa asina nan por prepara nan espacionan, segun loke nan a señala.

Di su parti, Kanaan Baroud director di operacion di AUSOMA a bisa cu aparte di Medicina e estudiante por tuma e prome dos aña pa nan prepara nan mes den direccion di universidad y asina nan por scoge ki carera nan lo kier studia.

El a pone como por ehemplo, cu na Aruba actualmente tin aproximadamente 1.200 estudiante cu ta tumando e programa di GED na International School cu ta wordo subsidia door di gobierno manera el a sigura, “ora nan caba gradua nan no tin caminda di bay pasobra Universidad di Aruba no ta tuma nan, e sistema no ta reconoce

door di e sistema Hulandes y nos kier e opcion aki pa tur studiantenan, pa tur estudiante cu ta studia GED por bin cerca nos y sigui, haya un diploma acredita Mericano na Aruba”, el a expresa.

Nan tin e opcion di keda nan Aruba pa traha y ora nan lo haya e prome parti cu ta e social degree nan ta sigui cu e parti na Merca cu ta dos aña mas unda nan lo haya nan bachelor degree.

Baroud a declara cu aworaki nan ta cuminsa cu dos aña y si tur cos lo bay bon probablemente nan lo por haci e bachelor degree tambe na Aruba.

Tambe el a bisa cu e paso aki a bin dilanti pa motibo di idioma unda esun mas facil pa muchanan siña for di chikito ta Ingles y ora nan ta bay scol pa papia Hulandes ta un problema debi cu ta un idioma mas dificil, aunke nan tambe ta reconoce y acepta cu Aruba ta un isla Hulandes cu ta cay bao Reino di Holanda unda tin cu respeta esey y idioma Hulandes ta hopi importante unda cu tur ley na Aruba ta na idioma Hulandes.

Pa loke ta trata estudio riba su mes, Baroud a comenta cu Ingles ta hopi mas facil y nan kier tin e opcion aki pa studiantenan cu ta tumando e programa GED y pa MAVO

tambe y IPE pa nan keda studia na Aruba y no bay pafo cu tin un costo haltu.

Hudson Valley Community College a ser funda na 1953 y ta ofrece mas di 85 programa di grado y certificado na cuater scolnan como: Business; Engineering and Industrial Technologies; Health Science; Liberal Arts and Sciences; y un centro di oportunidadnan di enseñanza pa e formacion academico y profesional, e ta un di e 30 scol comunitario na e sistema di State University of New York, conoci como lider di iniciativa y aprendisahe na distancia y capacitacion laboral.

Igualmente, AUSOMA a ser crea na 2011 y for di 2018 a cuminsa cu e instruccion cu educacion accesibel pa studiantenan internacional di Medicina, el a wordo reconoci pa Organizacion Mundial di Salud (OMS) Comision Educativo pa Graduadonan Medico Stranhero (ECFMG) y Gobierno di Aruba pa otorga titulo di medico y permiti pa nan practica na Merca, Canada of cualkier otro lugara mundo.

### Queeney Bergen, Empire Carnival Group:

“E tabata hopi riba man y e dos simannan tabata hopi stress, pero nos a uni y a make it happen”

Awe nochi ta tuma lugara e Parada Nacional di Luz organisa pa Gobierno di Aruba conhuntamente cu Departamento di Cultura. Apenas dos siman atras a anuncia oficialmente cu lo organisa e parada nacional aki, e prome evento di e magnitud aki despues di casi dos aña di pandemia di COVID-19 na Aruba, locual pa hopi tabata inespera y sin conta e tempo cortico cu gruponan di carnaval a haya pa prepara pa subi caya.

Den un entrevista cu lider di Empire Carnival Group, Queeney Bergen, e ta conta un poco mas con e proceso di preparacion tabata durante e dos simannan aki cu nan a haya pa por a prepara y

organisa tur e piesanan necesario pa por participa den e parada aki.

Bergen ta conta cu e tabata hopi riba man y e dos simannan di preparacion tabata un tiki stress pa tur hende, pero asina cu nan a haya confirmacion cu e parada ta bay door, nan a haci un yamada cu full e team, ya cu e momento ey nan no por a ni reuni persona y asina tur hende a dicidi cu nan ta bay traha duro pa logra participa den e parada.

“Ta dos siman, ban keda sin drumi, ban duna nos extra esfuerço pa make it happen pasobra e ta un oportunidad e ta pa bo por genera fondo pa bo por participa e ora den 2023. Pa nos eigenlijk e tabata un no brainer cu nos no por keda afo. Nos a traha extra

duro, pero e ta pa e bienestar di carnaval mes pa 2023, pa nos por paga nos debenan y asina nos por tin fondo pa 2023. Nos a uni hunto y full e team a parti e trabaonan y asina nos a logra make it happen cu mañan nos por ta den

parada”, el a indica. Normalmente e preparacion pa carnaval ta cuminsa di lunanan adelanta pa asina por organisa tur cos cu hopi mas tranquilidad, prepara bon y tin e oportunidad tambe di bestel hopi articulo cu por ta no

por haya na Aruba for di afo. Pa cu esaki Bergen a splica cu esey mes tabatin su desafionan pasobra den dos siman no por bestel nada di afo.

## DIMP: No a determina nivel di BTW ainda

### Grant Thornton tabata prematuro cu e porcentahe ta 18

No a tuma ningun decision riba cuanto e VAT of BTW lo mester ta y cualkier mencion di percentage awor ta prematuro y no ta yuda e proceso. Asina Director di Departamento di Impuesto, DIMP, mr. Louenne Pietersz a bisa Bon Dia Aruba, como reaccion riba e circulario cu Grant Thornton a publica e siman aki.

Manera ta conoci, e circulario cu tabata un resumen, segun e compania, di cambianan den impuesto na caminda a keda publica riba media social. Den e circulario, cu Bon Dia Aruba a publica tambe ta papia di un BTW di 18 por ciento. Tambe a papia di un

tarifa mucho mas abou di 6 por ciento pa cuminda y bebida no-alcoholico.

Sinembargo, nada ta concretisa ainda. “Ta DIMP of Gobierno di Aruba lo anuncia cifranan, personahenan y impuestonan oficial,” mr. Pietersz a enfatisa, agregando cu ainda ta den fase di colaboracion y intercambio di idea. “Speculacion y interpretacion prematuro di reforma fiscal ta inflamatorio y no ta contribui na certidumbre di un proceso serio y importante pa nos pais.”

Segun e Director di DIMP a reuni cu tur oficina di accountants y specialistan di impuesto, for di Deloitte,

BDO, CATC y Ernst & Young entre otro, y Grant Thornton tabata e unico cu a saca informacion sin cu e

concepto ta completamente cla. Ainda tin mas ronda di intercambio di pensamiento na ca-

mindu prome cu por presenta e estructura nobo.

## Setar NV lo paga full salario na 2022

### Plan di layoff di 2020 lo a percura pa espacio financiero

Den un carta fecha 20 di januari 2022 dirigi na ministro di Asunto Economico, Desarrollo Sostenible y Comunicacion, Geoffrey Wever, director di Setar NV Roland Croes ta propone pa paga full salario na empleado, gerencia y comisarionan e aña aki, mientras ta percura pa baha gasto di payroll a traves di a baha cantidad di cupo di trabao na e empresa. Cu esaki e compania tin pensa di termina cu e tension actual bao di e empleadonan y tambe cu e debate continuo cu sindicato.

E empresa ta constata cu na 2020 a entrega Afl. 4,9 miyon riba cuenta di Fase, y cu e terminacion di e programa ey, ademas di e subsidio di salario tambe, e empleadonan no ta mira pakico nan lo mester sigui contribui na e asunto di baha gasto den e aparato publico, di cual nan como trahador den sector priva no ta forma parti. Ademas na 2020 Setar NV lo a implementa un plan agresivo di baha gasto di personal a traves di un plan di retiro ('afvloeiingsregeling') y tambe a bay traha mas eficiente, tambe pa crea espacio financiero a mediano y largo plazo pa e empresa.

Den e carta ta propone dos alternativa pa yega na cumpli cu e exigencia di 12,6% sin cu mester corta e salario di e tra-

hadornan: Contempla posibilidad pa Setar den e aña coriente por recorta gasto di personal cu tal suma, cual lo ta “match” e suma cu ta spera di haya cu e recorte di 12,6%. “E empresa ta kere cu ta actua den espiritu di e meta primordial di baha gasto di personal y cu esaki ta crea espacio financiero pa su mes”, e carta ta bisa. Esaki segun Setar lo keda un asunto interno ya cu Setar no ta haya subsidio, ni mester tampoco.

E empresa por contribui na e reduccion di e necesidad di financiamiento di Pais Aruba, entregando un suma igual na loke ta anticipa di haya a base di e recorte di salario cu ta pidi e empresa implementa, den forma di “(extra) dividend”. “Den esaki ta supone cu Hulanda ta sali di e

punto di vista cu tur e entidadnan liga na Pais Aruba lo ta involvi den reduccion di e necesidad di financiamiento di Pais Aruba, sea directo o indirecto.”

Pa loke ta e alternativa nr. 1 Setar ta argumenta cu na 2021 e empresa a reduci gasto di payroll cu Afl. 2,7 miyon, a base di e afvloeiingsregeling di fin di 2020. Pa 2022 ta anticipa un reduccion di gasto di Afl. 2,6 miyon, pa 2023 Afl. 2,3 miyon y pa 2024 Afl. 2,0 miyon. Segun Setar, na 2021 e recorte di salario a resulta den un suma di Afl. 3,0 miyon. Si continua cu e recorte, anto ta anticipa cu pa 2022 te cu 2024 esey lo produci respectivamente Afl. 3,1 miyon, Afl. 3,2 y Afl. 3,2 miyon. Esaki ta implica cu e alternativa aki lo produci menos beneficio cu loke ta calcula a

base di e recorte di 12,6%.

E segundo alternativa ta trata di duna gobierno un (extra) dividend den e añanan 2022, 2023 y 2024 cu ta igual na e suma cu Pais Aruba lo a haya di e empresa, ehecutando e recorte di 12,6%. E argumento pa esaki ta segun Setar cu e areglo di layoff crea na 2020, di cual e pagonan ta tuma lugar den e proximo añanan, “no ta diferencia sustancialmente di e suma cu mester entrega na Pais Aruba y asina pa un gran parti a crea e espacio pa e pago di dividend aki. Pues por paga un dividend (extra) den e añanan 2022 te cu 2024,” e empresa estatal ta skirbi.

#### Setar NV ta bay inverti den cable marino y glassfiber

Den e mesun carta dirigi na ministro Geoffrey Wever, gerencia di Setar NV ta duna un splicacion di e situacion financiero di e compania. Ta constata cu na 2020 a sufri un perdida, cu a keda compensa for di e reservanan di ganashi.

Setar ta constata cu e empresa ta uno intensivo den uso di capital, operando den un mercado cu un ciclo di bida cortico di producto di telecomunicacion. E empresa ta financia su operacion a traves di prestamo bancario y e actual exigencianan di banconan pa cu solvencia y liquidez di e empresa lo ta limita

e sumanan cu lo por fia. Den futuro cercano ta señala dos proyecto di importancia, cualnan ta un sistema di cable submarino pa internet y un conexon di glassfiber pa tur hogar na Aruba.

Esaki ta trece cune cu Setar ta tratando di compensa e perdida di 2020 mas pronto posible, anticipando cu e banconan lo ta mas estricto. Sin embargo, pa acomoda e dividend extra na gobierno, ta propone pa haci e recuperacion di e reservanan propio tuma lugar durante mas aña. E propuesta di gerencia di Setar ta pa bay di acuerdo cu e segundo opcion, di pago di dividend (extra). Por haci e pago di dividend dividi pa cuartal y di e manera aki Setar no lo mester mantene e recorte di salario pa su personal y gerencia.

For di bon fuente Bon Dia Aruba a comprende cu fin di januari Setar NV a paga e salarionan di tur personal completo caba. Aparentemente a haya aprobacion caba di e mandatario pa esaki.

E carta di Setar ta termina bisando cu ta spera cu di e forma aki por termina “e disputa cu sindicato”. Redaccion di Bon Dia Aruba a tuma contacto cu oficina di ministro Geoffrey Wever paa comentario riba e carta aki. Te na ciere di nos edicion nos no a ricibi un respuesta.

## 12,6% ta sigui...

### *Den centro di debate...*

Remarcable den e correspondencia di e siman aki tabata un carta cu gerencia di Setar NV a manda pa e mandatario responsable pa sector di Telecomunicacion, cu e propuesta pa un forma alternativo pa gobierno yega na un suma equivalente na loke ta anticipa cu e empresa lo a entrega, den cuadro di e recorte obligatorio di 12,6%, acorda cu gobierno Hulandes.

Mientras no ta conoci cu e mandatario a reaccionar positivo riba e propuesta, ta parce cu gerencia di Setar a pasa caba pa paga full salario entrante e aña aki. Esey so caba ta pone henter e discusion tocante e recorte di 12,6% back den centro di debate, lantando discusion den e demas entidadnan estatal cu mester cumpli cu e acuerdo entre e gobiernonan. Cierito argumento di e sindicatonan ta bolbe den e carta aki tambe, unda cu Setar NV tambe ta referi na e hecho, segun nan, cu a pone placa riba cuenta pa Fase, explicitamente. Y cu e acierdo tabata e contribucion como solidaridad cu e personanan cu a keda desemplea. Awor cu a termina e areglo di asistencia di emergencia, igualmente e subsidio riba salario, e empresa aparentemente tampoco ta mira necesidad pa continua cu e recorte. Sin embargo, ta cumpli y ta bin cu e dos prouestanan di cual uno Setar mes ta descarta. Esun cu ta keda ta bisa cu a economiza asina hopi a base di e plan di retiro di fin di 2020 cu den e proximo añanan por percura pa un dividend (extra) pa Pais Aruba, pa asina haya di otro forma e suma cu gobierno tabata spera pa reduci su deficit y e necesidad di bay fia mas. Y asina gobierno lo ta cumpliendo cu e acuerdo cu Hulanda tambe. En todo caso, esey por ta asina pasobra e secretario di estado durante su recien bishita a duna di conoce cu ta posible pa papia con ta yega na e 12,6%, contal cu e decision ta keda cu ta corta 12,6%.

Sin embargo, esaki no ta henter e asunto. Basicamente e empresa estatal ta pensa cu na 2022, y e añanan despues, por haci ganashi di tal indole cu por paga Pais Aruba, como unico accionista, un dividend extra di 3 miyon florin, e suma necesario pa gobierno y Setar cumpli cu e 12,6% anto. E demas ganashi ta ser usa pa compensa e perdida sufri na 2020, y cu a compensa for di e reserva di ganashi cu e compania tin. Asina e compania por 'boost' su reservanan di ganashi pa pone nan back unda nan tabata promer cu e pandemia, solamente cu ta haci esaki na un paso mas lento den proximo añanan, mirando cu

mester duna gobierno e 3 miyon florin 2022 pa cumpli cu e acuerdo cu Hulanda.

Cu otro palabra, ta bay tarda mas pa pone e empresa back na nivel di solvencia unda e kier/ mester ta, mientras den e carta mes ta bisa cu e situacion actual por haci cu e banconan lo ta menos dispuesto pa fia. Y, Setar mes no ta keda sin menciona e inversionnan grandi cu mester haya prioridad den e proximo añanan. Pues aki e empresa mes ta bisa cu ta acepta un situacion menos favorable di solvencia financiero, pa acomoda e necesidad di cash di e accionista unico (Pais Aruba). Y, mas importante ainda: ta e gerencia ta propone, pero ta e accionista ta dicidi cuanto e ta duna su mes, cu e obligacion di maneho adecua di no saca tanto dividend for di e compania cu ta pone su solvencia na riesgo. Finalmente, ken ta dicidi si Setar por paga 100% di salario e aña aki, ta e mandatario encarga. Nos no sa si el a hacie caba; nos sa si cu e empresa a paga luna pasa caba 100%, cu of sin aprobacion. Bottom line aki: ta aboli e recorte mientras gerencia y accionista ta prefera di entrega dividend envez di sigura estabilidad financiero di e empresa? Anto esey ta den e caso cu aña 2022 resulta favorable. Si cos mester bay malo, y e situacion inestable internacional actual por hiba nos den un rumbo bastante negativo, ta bay pidi e empleadonan pa entrega atrobe, e biaha aki pa scapa pellejo di e empresa mes?

Seguidamente nos ta haya e situacion den e otro entidadnan. Nos no sa di e situacion financiero di mayoria, pasobra e gobierno cu ta propaga na cualkier momento di dia o nochi nan version di transparencia, te awe no ta duna acceso publico na mayoria di e cuentanan anual di e entidadnan cu supuestamente ta di pueblo (Setar mes cu su lema: "Di nos e ta!"). Pues nos no sa, pero ta logico cu ta inventa un formula pa mancha e exigencia di 12,6% pa cada entidad segun nan situacion. Esunnan cu en todo caso no tin caminda di sconde ta e empleadonan di gobierno mes. Pa nan lo no tin ideanan inventivo y creativo pa yega na e recorte na un manera aceptable pa nan. Mientras ta wardando riba e veredicto den e caso entre gobierno y e sindicatonan, lo mira areglonan surgi pa e empresanan estatal cu finalmente por laga e sindicatonan di empleado publico y personal di enseñanza para nan so den nan lucha. E strategia di 'dividi y domina' por funciona y gobierno por logra apacigua e situacion na e empresanan clave.

*Minister di cultura ta informa:*

## Reunion cu stakeholdersnan pa e parada nacional di luz a tuma luga den bon ambiente

**E ultimo preparacionnan ta tumando luga pa e Parada Nacional di luz di diasabra awor.**

Den cuadro di esaki ayera Minister di Cultura hunto cu Representantenan di Comision Celebracion Dianan Nacional a reuni cu e diferente stakeholdersnan pa e parada nacional di luz. Na e reunion importante aki tabata presente e representantenan di Cuerpo Policial, IMSAN, Cruz Cora, Departamento di Obran Publico y Serlimar.

E reunion a bay den bon ambiente caminda a informa tur stakeholdersnan di e reglanan y a duna informacion riba tur pregunta relaciona cu e parada nacional di luz.

E cayanan lo wordo cera pa 6pm y lo tin 125 polis trahando, Serlimar lo pone bari riba full e ruta y nan ta recomenda pa uza cupnan di plastic duro pa asina tin menos desperdicio.

Minister di Cultura Xiomara Maduro a keda hopi satisfecho cu e reunion y a gradici e stakeholdersnan pa nan presencia y nan cooperacion pa e parada nacional di luz.

*Minister Dangui Oduber*

## Inspectie Volks Gezondheid ta hunga un rol instrumental den e mehoracion di cuido medico

**Den cuadro di e maneho di AruBIG, Minister di Salud Publico Sr. Dangui Oduber ta anuncia cu recientemente tur dokter, dentista, boticario, fisioterapista y partera di profesion mester ta registra den e registro di AruBIG. Esaki ta segun e maneho di "onbevoegde" cu ta bay wordo controla door di Inspectie Volksgezondheid Aruba (IVA). Esaki ta pa mantene y eleva e calidad di cuido cu ta wordo duna na Aruba.**

Minister Oduber a trece dilanti cu solamente e profesionalnan (dokter, dentista, boticario, fisioterapista y partera) cu ta registra den e registro di AruBIG ta autorisa pa traha den nan profesion aki na Aruba. A base di e maneho di "onbevoegde" IVA ta autorisa pa duna multa na esnan cu no ta cumpli cu e rekisitonan. Dunadornan di cuido cu no ta den e registro

ta forma un peligro grandi pa e cuido di salud aki na Aruba. Esaki ta pa motibo cu nan no a wordo examina na comienso pa verifica si nan ta cumpli cu tur e rekisitonan pa por duna cuido na Aruba. Minister Oduber ta adverti cu e multa administrativo cu lo ser duna pa incumplimento por ta te na un maximo di 500 mil florin pa individuo.

Minister Oduber su maneho ta basa riba e mehoracion di e calidad di cuido, den esaki IVA ta hunga un rol instrumental pa e calidad di cuido cu nos tur kier mira na Aruba. **Asina bon**  
Nos Papiamento ta...?

*Nos ta crece cu palabra nobo...*

**Recientemente, dia – di februari, tabata Dia Internacional di Lengua Materno, institui pa Nacionnan Uni. A inicia esaki pa subraya importancia di idioma materno den desaroyo y educacion di e persona individual. Un fecha cu a celebra aki tambe di diferente angulo y cu ta mustra riba e importancia cu e tema aki mester haya. Sin embargo, ora ta trata di e tema di ki papel e lenga materno mester por hunga den enseñanza, ta drenta di biaha den e debate ey, cu tin decadas andando. No osolamente cerca nos, sino den hopi pais unda tin un sinfin di idioma indigena, hopi di nan menaza pa extincion pasobra e gruponan cu ta usa e idioma ta asimila den e resto di poblacion y ta pasa pa papia exclusivamente e idioma dominante. Pa e paisnan coloniza den pasado esaki ta mas tanto e idioma di e pais colonizador, manera e Spaño, Portugues, Ingles, Frances y Hulandes riba e continente aki.**

A pesar cu Papiamento no ta un idioma liga na un pueblo cu tabata aki promer cu yegada di e podernan Europeo, manera e diversidad di idioma indigena cu ta existi ainda, pero ta undi e poconan cu a nace den e ultimo siglonan a traves di e encuentro di e gruponan di diferente continente cu a yega aki. Su sobrevivencia no ta garantiza automaticamente, pero ta posible sigur. Esey debi entre otro na e flexibilidad grandi di e idioma pa adapta y adopta, y sigui crece a base di esey. Ta papia y discuti hopi tocante e influencia grandi di Ingles riba nos idioma, pero esey no ta un aspecto unico di nos, sino cu nos ta comparti cu resto di mundo. Nos idioma a sobrevivi y sali reforza for di e encuentro cu diferente idioma den pasado (reciente), entre nan Ingles, y nos lo por atrobe.

Loke nos ta desea di subraya aki ta cu, pa un idioma local, cu un poblacion chikito, yega na hunga un papel di importancia, por ehemplo den enseñanza di e propio pais, lo mester haci lo maximo pa aumenta influencia di e idioma aki, na un manera positivo, pa e tin un espacio optimal banda di e otro idioma cu tin presencia fuerte den nos comunidad. Esaki ta exige un trabao permanente, entre otro di desaroyo di un vocabulario mas grandi y diversifica, cu no por depende solamente di voluntario. Un ehemplo di esaki ta e Vocabulario di Papiamento, cu ta existi pa basta tempo caba, tambe como Spellcheck, pero no conoce un update regular, asina leu cu nos informacion ta yega. Ta di spera cu un instituto linguistico por ocupa su mes cu e tipo di tarea aki deb futuro cercano.

Pa loke ta e Vocabulario, tin hopi palabra cu den e ultimo añanan a bira di uso comun, sin cu a actualiza e lista pa incorpora e palabranan aki. Un bon ehemplo ta e palabra 'resiliente' ('resiliencia'), cu sigur den tempo di e pandemia a bira algo cu nos por a scucha diariamente, ora ta comenta cu economia di Aruba mester bira mas fuerte y resistente, pa por resisti y sobrevivi un siguiente calamidad di magnitud global. E palabra 'resiliente', adopta di Ingles, ta yena un bashi unda e posible sinonimonan no ta satisface: resistencia, fortaleza, invulnerabilidad, nan no ta representa e cualidad di forza di resistencia plus forza pa 'bounce back'. Den e sentido ey por ehemplo idioma Hulandes conoce un palabra propio excelente pa resiliencia, esta 'veerkracht': e capacidad pa resisti y bolbe cu forza. Asina mes, mas y mas nos ta topa cu e palabra original Ingles 'resilience' den textonan Hulandes. A proposito, e palabra 'resiliente/resiliencia' a haya su caminda pa idioma Spaño y varios mas tambe. Den Papiamento, nos no a keda atras.

El a sigui splica cu e idea tabata pa den parada cada grupo tin un color di e bandera di Aruba, pero lastimamente esey no por tuma luga pasobra no tin suficiente T-shirt di color na Aruba. Dus ban pone cu nos ta trahando cu loke tin”, Bergen a agrega.

Pa loke ta trata e bandanan musical, e preparacion di trailer y zonido pa nan por subi caya tambe ta tuma tempo pa realisa. El a conta cu e crew di zonido tin tres dia trahando te marduga pa haci soundcheck, pa arma trailer etc. y den un record di tempo nan mester a arma e trailernan, testnan pa asina na por subi caminda pa un anochi.

“Unabes bo tende e musica bo ta haya smaak di biaha, bo ta corda con pa dos aña bo no tabatin pa celebra esaki y a pesar di tur e mal noticianan cu cosnan fastioso, bo ta bisa toch ta bon pa enfoca pa tin algo positivo cu hende por disfruta despues di asina hopi tempo deprimi. Dus mi ta

kere toch e ta algo cu e hendenan ta look forward pe”, Bergen a expresa.

Tin un maximo di 750 participante pa grupo pa e parada nacional. Bergen ta conta cu pa loke ta trata cuponan e ta bayendo bon y tabata spera cu pa ayera noch mes e cuponan lo ta sold out. El a menciona tambe cu nan haya hopi hende di otro gruponan cu no ta participando. “Esey ta hopi great. Bo ta wak cu hendenan stima carnaval di curason kier forma parti di e parada. Claro bo tin hende cu ainda e ta hopi riba man, nan no a cobra, pero nos ta haya cu e hendenan a reacciona hopi bon. E mayoria di nos hendenan a reacciona hopi bon”, el a bisa.

Desde cu a anuncia e parada, Gobierno di Aruba a indica

cu lo yuda e gruponan di carnaval y e bandanan musical cu ta participa den e parada cu un suma di placa. Diaranson atardi durante un rueda di prensa, vocero di e comision organisador di e parada nacional di luz, Sr. Lyonel Dirksz, a informa cu pa motibonan administrativo e suma di placa priminti no a pasa pa e gruponan ainda.

Ariba esaki Bergen a confirma cu e suma di placa cu Gobierno a priminti a yega den su man y el a indica cu esaki sigur ta yuda cubri algun di e gastonan cu nan tin pa e parada. “E no ta cubri tur cos pero e ta un bon start pa asina por pone deposito pa asina por haci diferente movecionnan”, el a finalisa.

## Minister President ta contesta Fraccion di AVP den Parlamento:

### Minister Dangui Oduber no ta bao investigacion

**Diamars ultimo Parlamentario Gerlien Croes y otronan di Fraccion di AVP a cuestiona Minister President di no a informa Parlamento di un supuesto investigacion di Ministerio Publico contra Minister Dangui Oduber.**

Nan a hasta manda un carta haciendo e pregunta ey, insinuando cu Minister Odu-

ber mester wordo investiga, y mes momento nan a conclui cu Minister President tambe ta culpabel pasobra e no a informa Parlamento cu Minister Oduber supuestamente ta wordo investiga den e caso di falsificacion di e certificadonan di vacunacion.

Minister President mesora a tuma contacto cu Ministerio Publico pa sa si tin Minister

bou investigacion den e caso di falsificacion di certificadonan di vacunacion, cu a confirma cu Minister Dangui Oduber no ta bou investigacion. Mesora Minister President a contesta Parlamentario Gerlien Croes y otronan di Fraccion di AVP den un carta fecha 24 di februari 2022.

Mas aleu Minister President a informa e Fraccion di AVP cu Ministerio Publico a confirma cu e investigacion ta contra algun ex contractant cu tabata traha na DVG. E investigacion ta den man di Landsrecherche riba instruccion di Procurador General. Ta importante pa bolbe menciona cu esnan cu a paga pa e certificadonan falsifica tambe ta cometiendo algo ilegal, y por haya nan mes den hopi problema. E investigacion ta andando ainda, y reciente-

mente tabata tin mas detencion. For di e investigacion ta mustra cu ta algun certificado "tientallen" a wordo falsifica y no centenaris ni miles manera e Fraccion di AVP ta sugeri.

E Fraccion di AVP a cuestiona Minister President cu lo no a informa Parlamento y a referi na articulon 16, 13 y 2 di e ley di Integridad. Den un carta hopi elabora, Minister President a splica cada un di e articulon ey pa mustra cu (1) nan no ta aplicable den e caso aki, y (2) cu e no a comete ningun falta cu Parlamento pasobra simplemente e minister no ta bou investigacion.

Minister President a finalisa e carta bisando cu Gabinete Wever-Croes 2 ta para pa Integridad. Gabinete Wever-Croes ta rechasa cualquier forma di corrupcion y ta atende cu esaki cu man duro. Den esaki Gabinete Wever-Croes kier duna e bon ehempel. Lo ta un bon señal si e Fraccion di AVP tambe duna e ehempel aki y demostra cu acto y cu palabra cu AVP ta rechasa corrupcion. Pasobra tanten cu nan ta sostene nan colega Benny Sevinger, Parlamentario y sospechoso den un di e casonan mas serio di corrupcion na Aruba, nan ta atacha e integridad di henter Parlamento y ta daña e imagen di pais Aruba.

## Trash 2 Cash:

### Legislacion di un "Waste Policy" lo mester bin despues di crea capacidad pa procesa diferente tipo di desperdicio

**Actualmente como 26% di tur desperdicio procesa na EcoTech ta plastic. Aunke e cantidad di plastic pa 2019 tabata 15 ton, esaki no ta inclui desperdicio ricibi for di casnan residencial. Pa comprende e magnitud di nos uzo di plastic, prome cu a introduci e ley pa prohibi saco di plastic na 2017, Aruba tabata uza 30 miyon di e saconan aki anualmente**

Di parti di gobierno ta importante pa stimula mas negoshi pa explora e balor cu e materialnan procesa di reciclahe por tin, pa asina tambe mas por participa na e solucionnan grandi den Aruba su maneho di desperdicio. Den caso di plastic, tin varios compania/organizacion cu ta colecta, procesa of reuza mayoria tipo di plastic.

Prome cu reenforza legislacion, mester crea e fundeshi solido den comunidad caminda tin infraestructura - diferente organisacionnan - pa procesa tur e diferente tiponan di desperdicio, incluyendo plastic, glass, metal, palo y mas.

Den e simannan binidero tur

persona por haci un "pitch", un proposicion di con pa yuda reduci e cantidad of cambia e destino di nos desperdicio via un video cortico na e website [www.trashtocasharuba.org](http://www.trashtocasharuba.org).

Asina aki Minister Ursell Arends kier traha hunto cu esnan cu tin un idea concreto pa colecta y/of procesa diferente tipo di material, y tambe esnan cu ta interesa den traha cu material procesa. Gobierno tin como meta pa catalisa actividadnan di reciclahe y economia circular mas pronto posibel, y mester henter comunidad su colaboracion pa tuma e pasonan necesario.

Minister Arends a splica cu unabes tin partnernan den comunidad cu ta haci e trabou di procesamiento, lo continua na proximo fase den e maneho nobo di desperdicio: legislacion manera un "Waste Policy" cu ta bai reenforza tur esfuerso den maneho di desperdicio.

Bishita [www.trashtocasharuba.org](http://www.trashtocasharuba.org) pa haya sa mas kico ta rekeri pa asina bo tambe por pitch bo idea!

## Contribucion propio no ta un sorpresa

# Hunto cu e dunadonan di cuido lo yega na un bon solucion

**Diferente dunadonan di cuido a muestra nan preocupacion tocante e introduccion di un posibel contribucion propio.**

Aunke cu e idea pa un contribucion propio no ta nobo pa Aruba y e principio ta conta riba sosten di specialistanan riba e tereno aki, toch tin algun resistencia bou di e personanan cu lo tin cu traha cu'ne. AZV ta compronde cu cualkier cambio ta dificil, pero e reto pa baha e gastonan cu 60 miyon pa aña ta uno grandi. Y un contribucion propio lo ta un parti esencial pa yega na e meta ey.

**Contribucion no ta algo di e ultimo temporada**

No ta asina cu na comienso di e pandemia na 2019 AZV a comunica e opcion di un contribucion propio pa prome biaha. Ya caba den reportenan

di 2009 ("Een gezonde AZV, de verantwoordelijkheid van ons allen"), 2011 ("De prijs van grijs"), 2014 ("Advies bevordering kostenbewustzijn en doelmatige zorg") y 2017 ("AZV: bevordering kostenbewustzijn en doelmatige zorg") e concepto ta wordo menciona.

AZV ta habri pa eventual alternativa, pero banda di un asina yama 'sugar tax' e dunadonan di cuido no a menciona otro posibel opcionnan. E input di e comision di cuido a wordo considera y a tene cuenta cu e discusionnan cu e dunadonan di cuido ora di traha e plan "Ban reforma pa garantisa".

**Vangnet**

Claramente tin preocupacionnan cu AZV ta comparti cu e dunadonnan di cuido. Manera e consecuencia pa

personanan di menos recurso cu no lo por paga un contribucion propio. Esaki tin e atencion di AZV y di Gobierno na yega na un solucion pa e grupo aki. Un tipo di vangnet lo zorg pa e efectonan negativo di e salud di e grupo aki ta minimal.

**Remedi**

E cambianan den e pakete di remedi ta toca principalmente e tipo di remedi cu por wordo cumpra na botica

sin receta. Pa tur tipo di indicacionnan medico lo keda remedi ainda via AZV. Nos ta spera un bahada di 30% den e cantidad di receta.

**Parlamento**

E introduccion di un contribucion propio ta bay via un Landsbesluit houdende algemene maatregelen. Dus Parlamento di Aruba ta envolvi. Den e Ley di AZV for di comienso (1992) tawatin espacio pa un eigen bijdrage

(contribucion propio). Tambe ta poni explicitamente cu e contribucion propio mes-ter wordo paga ora di ricibi e cuido of servicio.

AZV ta consciente di posibel problema di implementacion. P'esey AZV semper ta dispuesto pa pensa hunto cu e dunadonan di cuido pa yega na solucionnan practico. Esakinan lo wordo discuti pronto cu e grupo.

E siman aki, e grupo consehero tecnico di World Health Organization a conseha autoridadnan di salud publico lo monitoria esaki como un variante di Omicron.

Investigacion anterior a sugeri cu esaki ta plama mas lihe cu e Omicron original, y den casonan poco comun e por haci hendenan malo aunke ya caba nan tabatin un infeccion di Omicron. Tin

investigacion mixto tocante e aspecto di causa malesa severo, sinembargo vacuna ta aparenta di ta mesun efectivo contra di esaki.

Mayoria caso ta cayendo den algun luganan unda cu e variante aki ta birando mas dominante, ofreciendo algun speransa cu e version aki di e virus no lo causa otro ola mas mientras cu expertonan ta purba investiga mas.

BA.2 a ser haya den mas di 80 pais den tur 50 caso di Merca. Den un reportahe recien, WHO a bisa cu BA.2 ta dominante den 18 pais y e ta representa mas o menos 36% di e casonan di Omicron cu a ser secuencia a ser publica riba un base di dato internacional unda cu tur cientifico por comparti dato di coronavirus.

## Putin a “ataca tur loke nos a construi desde segundo guerra mundial”

**(NLTimes) - Prome Minister Hulandes Mark Rutte a bisa cu e invasion di Rusia na Ucrania tabata “devastante.”**

Durante su conferencia di prensa despues di su reunion semanal cu Ministernan di Gabinete, Rutte a bisa cu e accion militar di Rusia “ta un atake na tur loke nos a construi despues di e di dos Guerra Mundial. E ta e violacion mas grandi di ley internacional desde año 1945.”

Prome Minister a agrega,

“henter mundo ta uni den e yamado na Putin y su retiro for di Ucrania.” Rutte a afir-

ma cu e no lo causa division. El a conta con e paisnan di e Union Europeo y nan aliad-

onan ta uni contra di e taticanan di e president Ruso Vladimir Putin.

“Si Putin purba di crea division, el a haya unidad. Nos a prepara un pakete di sancion contra di e personanan responsabel. E regimen Ruso y su lidernan. Agrega Putin na e lista ta lo siguiente,” Rutte a agrega cu e ta hopi contento cu lo tene e lider Ruso responsabel pa su actonan. “Compara cu sancionnan despues di e anexacion di Crimea, esaki ta 10 biaha mas fuerte.”

E sancion actualmente ta den man di e miembronan di e estado implementa nan. Tabatin obhecion cu e Union Europeo tocante e prohibicion di Rusia sistema di transaccion na e banco SWIFT.

Rutte inicialmente a critica esaki, bisando cu e por ta un herment util pa fortalece e sancion si Rusia no stop y sali for di Ucrania. Mayoria di e Ministernan Hulandes ta apoya e blokeo di Rusia for di SWIFT, incluyendo esunnan di Rutte su propio partido.

## Ciudadanonan Iraki ta demandando estado Hulandes a causa di atake na Hawija

Gobierno Hulandes a priminti di inverti 4 bion euro

den e area pa compensa e perdida di e casnan, electricidad y suministro di awa, pero tambe a nenga cualkier culpabilidad relaciona cu e atake.

Minister di defensa Ank Bijleveld a bisa parlamento cu e no tabatin ningun inteligencia prome cu e accion cu por a sugeri cu e lo pone den peliger e bida di ciudadanonan y e gobierno no tabata informa di e gran cantidad di explosivonan dentro di e fabrica. Sinembargo Zegveld a bisa cu e acto den contra di e fabrica tabata “na mal momento, inadecua y no tabata independiente,” pero tambe cu esaki a kibra e gobierno su

obligacion bao di e convencion Europeo tocante derechonan humano (ECHR).

“E estado tabata sa, of mester a sa, cu e acto aki lo causa un gran cantidad di mortonan civil,” el a conta NOS.

E grupo Zegveld ta actuando pa 11 ciudadano, incluyendo 9 mucha, mientras cu e otro nan a ricibi heridanan fisico cronico. Entre nan, tin Alaa, un empleado di post cu a sali bay Zoetermeer cu su casa y yiunan, ambos ken a ser herida cu e restonan di e explosion. Alaa su yiu homber a ser laga ciego di un wowo.

daño colateral. Un reviso-Mericano a bisa cu e atake lo trece un bentaha militar limita of “moderadamente negativo.”

Den un video publica riba Twitter, Baudet a bisa cu el a premira e escalacion entre e tension di Rusia y Ucrania. “FvD a ser funda ora cu nos a pleita contra e acuerdo di aso-

ciacion cu Ucrania den año 2016,” el a bisa. Segun su persona, e escalacion di e situacion ta culpa di e grupo West, “cual ta mira emundo for di un punto di vista di tunel, den cual tur cos a bira Merca y e parti West di mundo. Esaki ta caba cu e estabilidad di e mundo, y Ucrania ta e prome pais cu a sufri pa causa di esaki. Pero anos tambe, por ehempel cu prijs di gas. Esaki no ta bon pa Rusia tampoco, e no ta bon pa niun hende.”

“Hororoso,” parlamentario di VVD Ruben Berkelmans a bisa e corant. “NATO ta ofrece Hulanda un gran proteccion contra di Rusia, kiernen FvD ta poniendo Hulanda su siguridad den riesgo.”

## Offshore wind energy auction in NJ, NY draws \$4.37B in bids

(AP) — Six companies bid a combined \$4.37 billion for the right to build wind energy projects on the ocean floor off New Jersey and New York in the U.S. government's largest such auction in history, a federal agency said Friday.

The auction by the U.S. Bureau of Ocean Energy Management involved six tracts off New York and New Jersey in an area known as the New York Bight.

When fully developed, these sites could provide enough energy to power 2 million homes, the agency said.

"This week's offshore wind sale makes one thing clear: The enthusiasm for the clean energy economy is undeniable and it's here to stay," U.S. Interior Secretary Deb Haaland said. "The investments we are seeing today will play an important role in delivering on the Biden-Harris administration's commitment to tackle the climate crisis and create thousands of good-paying, union jobs across the nation."

The provisional winners announced Friday afternoon by the agency are: Bight Wind Holdings, LLC, which bid \$1.1 billion on the largest tract, 125,964 acres off the coast of New Jersey's Long Beach Island; Attentive Energy LLC which bid \$795 million on an 84,332-acre tract; Atlantic Shores Offshore Wind Bight, LLC which bid \$780 million on 79,351 acres; OW Ocean Winds East, LLC which bid \$765 million on 71,522 acres; Invenenergy Wind Offshore LLC which bid \$645 million on 83,976 acres, and Mid-Atlantic Offshore Wind LLC, which bid \$285 million on 43,056 acres.

More than \$1.5 billion worth of bids were received Wednesday, the first day of the auction. Bidding reached \$3.2 billion at the end of Thursday, the second day.

The tracts — factoring in this auction for nearly 500,000 acres (about 202,342 hectares) and past auctions — will span nearly 1 million acres.

President Joe Biden has set a goal to install 30 gigawatts of offshore wind power by 2030, generating enough electricity to power more than 10 million homes.

The administration has approved the nation's first two commercial-scale offshore wind projects in federal waters: the 800-megawatt Vineyard Wind project off the Massachusetts coast and the 130-megawatt South Fork wind farm near New York's Long Island.

Not everyone is delighted with the scope and speed of offshore wind development. Homeowners groups in several spots in New Jersey are opposing the projects on environmental, economic and aesthetic grounds.

## Attacks from within seen as a growing threat to elections

**(AP) - Election officials preparing for this year's midterms have yet another security concern to add to an already long list that includes death threats, disinformation, ransomware and cyberattacks — threats from within.**

In a handful of states, authorities are investigating whether local officials directed or aided in suspected security breaches at their own election offices. At least some have expressed doubt about the 2020 presidential election, and information gleaned from the breaches has surfaced in conspiracy theories pushed by allies of former President Donald Trump.

Adding to the concern is a wave of candidates for state and local election offices this year who parrot Trump's false claims about his loss to Democrat Joe Biden.

"Putting them in positions of authority over elections is akin to putting arsonists in charge of a fire department," said Secretary of State Jocelyn Benson, a Democrat and former law school dean who serves as Michigan's top elections official.

Experts say insider threats have always been a concern. But previously, the focus was mostly on what a volunteer poll worker or part-time employee could do to a polling place or county system, said Ryan Macias, who advises officials at the federal, state and local levels on election security. Now the potential harm extends to the very foundation of democracy — conducting fair elections.

"Since 2020, the coordinated efforts to have threat actors run for office, apply to be election officials and volunteer as a poll worker or observer should be treated as national security concerns," Macias said.

**Youtube video thumbnail**  
The potential risks posed by insider attacks run from granting unauthorized access to sensitive information to planting malware within election systems.

While insider threats are the hardest to guard against, Macias said measures are in place to recover from an attack. Most of the country relies on paper ballots filled out by hand or with the use of a voting machine, so there should be a paper record of each ballot cast. In addition, post-election checks are designed to identify potential manipulation or discrepancies in the vote.

This year, voters in 25 states will elect their state's chief election official, and several races feature candidates who dispute the outcome of the 2020 presidential contest despite no evidence of widespread fraud or a coordinated scheme to steal the election. Some voters also will decide who will run their local elections as the next county clerk. It's these local election offices that have experienced security breaches.

In Mesa County, Colorado, authorities are investigating whether unauthorized people were granted access to county voting equipment. State officials began investigating after the county's voting sys-

tem passwords appeared on a conservative website. Because each county has unique passwords maintained by the state, officials identified them as belonging to Mesa County, where Trump won nearly 63% of the vote.

Clerk Tina Peters — a Republican elected in 2018 — then appeared at a "cybersymposium" hosted by Trump ally Mike Lindell, the MyPillow CEO who has sought to prove that voting systems were somehow manipulated to favor Democrats.

At that event a copy of Mesa County's election management system — which is used for designing ballots, configuring voting machines and tallying results — was distributed. Experts have described the unauthorized release as serious, potentially providing a "practice environment" to probe for vulnerabilities.

Peters, in an interview, said she made the copy of a county voting system hard drive to preserve "the evidence of how you get to the result of an election, who came in, who made changes, who did what." She denied knowledge of how a copy came to be distributed at the Lindell event and would not say who was with her when the copy was made.

A grand jury in Mesa County is reviewing the case. Meanwhile, Peters has announced plans to run for secretary of state, overseeing elections for Colorado.

Elsewhere in Colorado, state officials are investigating af-

ter the election clerk in Elbert County, southeast of Denver, indicated he made two copies of a voting system hard drive last summer.

An attorney for Dallas Schroeder said in a written response to the state that Schroeder believes he had a "statutory duty to preserve election records" and was concerned that a visit by state officials to prepare for the 2021 elections "might erase or alter electronic records of the November 2020 election."

There has been no indication of widespread fraud or other major irregularities following the 2020 election in Colorado or elsewhere.

In Ohio, federal and state authorities are investigating after network data purportedly from the Lake County Board of Elections in suburban Cleveland was made available online along with other data by people seeking to show the 2020 election was somehow manipulated.

A state analysis determined the data wasn't from the Board of Elections at all, but rather a network that runs

other county business. Secretary of State Frank LaRose, a former Republican state lawmaker who serves as Ohio's chief election official, said it showed only "innocuous traffic," such as between a county computer and a printer, but was used to suggest something nefarious. In Michigan, the secretary of state's office recently announced a potential security breach at an election office in Roscommon County, in the rural northern part of the state, where someone is suspected of gaining unauthorized access to voting systems. State authorities are investigating.

Experts said these types of security breaches have so far been few and most election officials are experienced, neutral professionals who follow the rules and want no part of conspiracy theories.

But, they said, any official found to be undermining elections and breaking the law must be held accountable. No charges have been brought so far in any of the breaches being investigated in Colorado, Ohio and Michigan.

## Ex-US soldier fined for trying to take gun on plane

**(AP) — A retired U.S. Army soldier was fined \$400 and given a suspended**

**ed jail sentence Thursday for attempting to carry a gun and ammunition onto**

**a plane in Zimbabwe.**

Retired Sgt. Maj. Ronald Leon Johnson had been held in the renowned Chikurubi Prison for more than a week after he was arrested Feb. 15 at the Robert Gabriel Mugabe Airport in the capital, Harare.

He was checking in to a flight to the tourist town of Victoria Falls when airport security officials found a Glock 9 mm pistol and three magazines each with 15 rounds of ammunition in his suitcase, prosecutors said.

Prosecutors had asked for a 10-year prison term for Johnson, who pleaded guilty to charges of being in possession of an unlicensed gun and attempting to carry a gun and ammunition onto a plane without authorization.

The judge instead imposed the fine and a suspended 36-month jail term, and criticized prosecutors for "over-emphasizing" Johnson's military history to try and portray him as a potential terrorist.

The judge also said Johnson

should be allowed to return home. His home address was listed as being in Woodbridge, Virginia, in court documents. The gun and ammunition would be confiscated, the judge ruled.

Johnson retired from the Army in 2005 after 20 years of service, according to prosecutors.

He had been on a 30-day vacation visa in the southern African nation since Feb. 5 and had visited tourist sites and the rural home of his Zimbabwean fiancée.

## Oregon lawmakers propose \$400M for housing and homelessness

**(AP) — Lawmakers in Oregon's Legislature on Thursday proposed a \$400 million package to urgently address affordable housing and homelessness in a state that has one of the highest rates of unhoused people in the country.**

A 2020 federal review found that 35 people in Oregon are experiencing homelessness per 10,000. Only three states had a higher rate: New York (47 people per 10,000), Hawaii (46 people per 10,000) and California (41 people per 10,000).

The plan from majority Democrats, which is being offered during Oregon's current short legislative session, would allocate \$165 million to address immediate homelessness needs statewide — including increasing shelter capacity and outreach to the vulnerable population — \$215 million to build and preserve affordable housing and \$20 million to support home ownership.

"We have heard from Oregonians that they want to see action to address homelessness and housing affordability and solutions that work," House Majority Leader Julie

Fahey said.

With the proposed package, officials are hoping to not only provide relief to people currently experiencing homelessness, but to also address some of the root causes.

As part of the \$165 million in homelessness spending, \$50 million would be allocated to Project Turnkey, which buys and repurposes hotels and other buildings to convert into shelter.

In addition \$80 million would be used for immediate statewide needs, such as rapid rehousing, and \$25 million would go to local governments to respond to the specific needs in their communities — including shelter, outreach, hygiene and clean-ups.

Portland Mayor Ted Wheeler is leading a lobbying effort to pressure the state to immediately fund temporary homeless shelters.

Currently, Multnomah County, which includes Portland, has the capacity to shelter roughly 1,400 to 1,500

people year-round. There were about 4,000 people experiencing homelessness in Multnomah County in 2019, the last time there was a finalized count of the area's homeless population — although local advocates predict that the homeless population has increased significantly since then.

Wheeler has blamed the lack of beds on state leaders, who he said have underinvested in temporary shelters compared with neighboring states.

"We need the state government to step up and match the funding levels to expand temporary shelter space now and save lives," Wheeler said. "This is an Oregon issue, not just a Portland issue."

Rep. David Gomberg, a Democrat representing Oregon's Central Coast, said: "Our rural and coastal communities suffer the highest child homelessness in the state."

One of the root causes that advocates in Oregon say leads to homelessness is a lack of affordable housing, an issue

that the state has long faced but has been exacerbated during the pandemic.

According to a study published by the state, Oregon must build more than 140,000 affordable homes over the next 20 years and not lose any existing homes.

Lawmakers are proposing \$165 million investment in affordable housing. The investment includes supporting affordable housing construction projects struggling with market and supply chain disruptions, acquiring and producing manufactured housing parks, and supporting land acquisition for additional projects.

Fahey acknowledged that while some of the proposed investments may have a more immediate impact, the problems the state faces are not going to be solved overnight.

"We have to be thinking about things that will make a difference in the short term," Fahey said. "But also, planning for the long term and addressing the root causes of issues."

## For 3 more officers at Floyd killing, jury says: Guilty

**(AP) — The three Minneapolis police officers alongside Derek Chauvin at the scene of George Floyd's killing offered a variety of reasons why they weren't to blame: Inexperience. Bad training. Fear of a senior officer. The looming threat of angry bystanders.**

A federal jury swept them all aside Thursday, emerging from two days of deliberations that followed a month of testimony to convict Tou Thao, J. Alexander Kueng and Thomas Lane of violating Floyd's civil rights. All three men were convicted of depriving Floyd of his right to medical care as the 46-year-old Black man was pinned under Chauvin's knee for 9 1/2 minutes while handcuffed, facedown on the street on May 25, 2020. Kueng knelt on Floyd's back, Lane held his legs and Thao kept bystanders back.

Thao and Kueng were also convicted of failing to intervene to stop Chauvin in the videotaped killing that

sparked protests in Minneapolis and around the globe as part of a reckoning over racial injustice.

Floyd's brother Philonise Floyd called the verdicts "accountability," but added: "There can never be justice because I can never get George back."

And Floyd's nephew Brandon Williams said he hoped the verdicts would change laws and policies to "protect people from these situations." He also said the outcome "sends a message that says, if you murder or use excessive or deadly force, there's consequences that follow."

Lane shook his head and looked at his attorney as his verdict was read. Thao and Kueng showed no visible emotion. Their attorneys declined to comment immediately afterward.

Charles Kovats, acting U.S. attorney for Minnesota, called the convictions a reminder that all sworn law enforcement officers have a

duty to intervene.

"These officers had a moral responsibility, a legal obligation and a duty to intervene, and by failing to do so, they committed a crime," Kovats said.

Chauvin and Thao went to the scene to help rookies Kueng and Lane after they responded to a call that Floyd used a counterfeit \$20 bill at a corner store. Floyd struggled with officers as they tried to put him in a police SUV.

During the monthlong federal trial, prosecutors sought to show that the officers violated their training, including when they failed to move Floyd or give him CPR. Prosecutors argued that Floyd's condition was so serious that even bystanders without basic medical training could see he needed help, but that the officers "chose to do nothing."

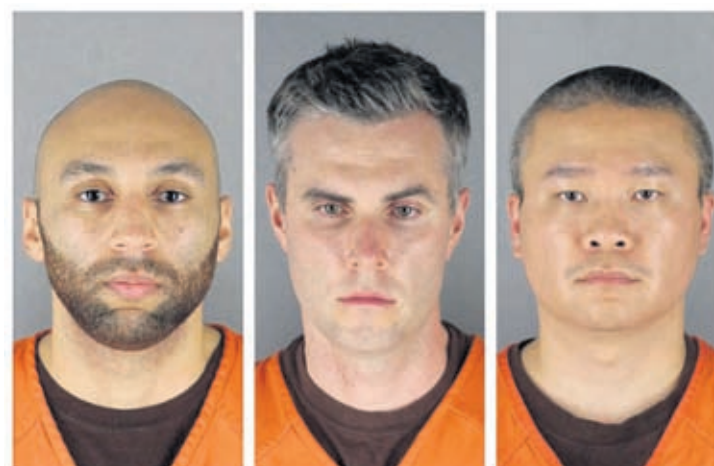

The defense said their training was inadequate. Kueng and Lane both said they deferred to Chauvin as the

senior officer at the scene. Thao testified that he relied on the other officers to care for Floyd's medical needs as his attention was elsewhere. A jury of eight women and four men that appeared to be all-white reached the verdicts after about two days of deliberations. The court did not release demographics such as race or age. Lane is white, Kueng is Black and Thao is Hmong American.

The former officers remain free on bond pending sentencing, which has not yet been scheduled. Conviction of a federal civil rights vio-

lation that results in death is punishable by life in prison or even death, but such sentences are extremely rare. Federal sentencing guidelines rely on complicated formulas that indicate the officers would get much less.

Chauvin, who is white, was convicted of murder last year in state court and pleaded guilty in December in the federal case. He was sentenced to 22 1/2 years in the state case. A sentencing date has not yet been set in the federal case, but both sides agreed Chauvin should face a sentence ranging from 20 to 25 years.

## World leaders fine-tune punitive measures against Russia

**(AP) — The world has made it clear that a military intervention in Ukraine is off the books, so most countries on Friday were throwing ever more punishment at Moscow — from financial to football sanctions.**

The European Union was considering freezing the assets of Russian President Vladimir Putin and Foreign Minister Sergey Lavrov. But it was unclear how badly they would be hit by such a move or if it would be mainly symbolic.

It did indicate, however, that Western powers were moving toward unprecedented measures to force Putin to stop the brutal invasion of Russia's neighbor and unleash a major war in Europe.

If the EU would go that far as freezing Putin's assets in the EU, it would be "a unique step in history toward a nuclear power, a country that has a permanent seat on the Security Council, but also shows ... how united we are," Austrian Foreign Minister Alexander Schallenberg said.

His Luxembourg counterpart, Jean Asselborn, said the EU was nearing consensus.

Asselborn said even further sanctions were still possible, including booting Russia off SWIFT, the dominant system for global financial transactions.

Undeterred in the game of punitive sanctions, Russia started its own tit-for-tat measures, banning British flights to and over its territory in retaliation to a similar U.K. ban on Aeroflot flights.

Yet with the Kremlin's eyes fully targeted on expanding the attacks on Ukraine, almost of the action was still going one way.

EU leaders discussed until the early hours Friday any ways to hit Putin even harder than the two sets of sanctions that it already approved.

The 27-nation bloc and other Western powers like the United States and the United Kingdom have agreed on a slew of sanction hitting everything from the banking sector to oil refineries and the defense sector. EU foreign ministers will push the approval process further later in the day.

And just as Russia was making a pincer movement to choke Ukraine and its capital Kyiv, Western powers were implementing measures aimed at "asphyxiating Russia's economy," in the words of French Foreign Minister Jean-Yves Le Drian.

Seeking to buttress its eastern flank, the NATO alliance was holding a virtual summit of government leaders, including U.S. President Joe Biden, later Friday.

In terms unheard since the Cold War, threats were flying from all sides and ran through society.

In a sign of papal anger, Pope Francis went to the Russian Embassy himself to "express his concern about the war," the Vatican said. It was an extraordinary, hands-on gesture, since usually popes receive ambassadors and heads of state in the Vatican. For Francis, the Vatican head of state, to leave the city state and travel a short distance to the Russian Embassy to the Holy See was a sign of his dis-

pleasure.

Putin's invasion also had repercussions in the sports world.

The May 28 UEFA Champions League final, the Superbowl of European soccer, was stripped from St. Petersburg and replaced by Paris after the involvement of French President Emmanuel Macron. Formula One also dropped this season's Russian Grand Prix at Sochi in protest.

Action wasn't only limited to Western powers. Countries in Asia and the Pacific have joined the United States, the EU and others in the West in piling on punitive measures against Russian banks and leading companies. The nations have also set up export controls aimed at starving Russia's industries and military of semiconductors and other high-tech products.

New Zealand Prime Minister Jacinda Ardern said "an unthinkable number of innocent lives could be lost because of Russia's decision," and announced targeted travel bans against Russian officials and other measures.

Taiwan announced Friday that it would join in economic sanctions, although it did not specify what those would be. They could potentially be focused on export control of semiconductor chips, where Taiwan is the dominant producer.

While most nations in Asia rallied to support Ukraine, China has continued to denounce sanctions against Russia and blamed the United States and its allies for provoking Moscow. Beijing, worried about U.S. power in Asia, has increasingly aligned its for-

eign policy with Russia to challenge the West.

South Korean President Moon Jae-in said his nation will join international sanctions, but won't consider unilateral sanctions.

The cautious statement reflects India's delicate position. It relies heavily on Russia, a historic partner, for military equipment but has sought to strengthen ties with the West over the years.

At the United Nations, officials set aside \$20 million to boost U.N. humanitarian operations in Ukraine. Separately, the U.N. Security Council is expected to vote Friday on a resolution condemning Russia and demanding the immediate withdrawal of all its forces. Moscow, however, is certain to veto it.

The European Union Aviation Safety Agency extended to 200 nautical miles the airspace it considers risky, and warned of "the threat of missile launches to and from Ukraine."

Protests by Ukrainians and their supporters were planned Friday across Asia and Europe. Public buildings, sports stadiums and landmarks in the Australia and Europe were illuminated in Ukraine's national colors of blue and yellow.

## Putin waves nuclear sword in confrontation with the West

**(AP) — It has been a long time since the threat of using nuclear weapons has been brandished so openly by a world leader, but Vladimir Putin has just done it, warning in a speech that he has the weapons available if anyone dares to use military means to try to stop Rus-**

**sia's takeover of Ukraine.**

The threat may have been empty, a mere baring of fangs by the Russian president, but it was noticed. It kindled visions of a nightmarish outcome in which Putin's ambitions in Ukraine could lead to a nuclear war through accident or miscalculation.

By merely suggesting a nuclear response, Putin put into play the disturbing possibility that the current fighting in Ukraine might eventually veer into an atomic confrontation between Russia and the United States.

That apocalyptic scenario is familiar to those who grew up during the Cold War, an era when American school children were told to duck and cover under their desks in case of nuclear sirens. But that danger gradually receded from the public imagination after the fall of the Berlin Wall and the dissolution of the Soviet Union, when the two powers seemed to be on a glide path to disarmament, democracy and prosperity.

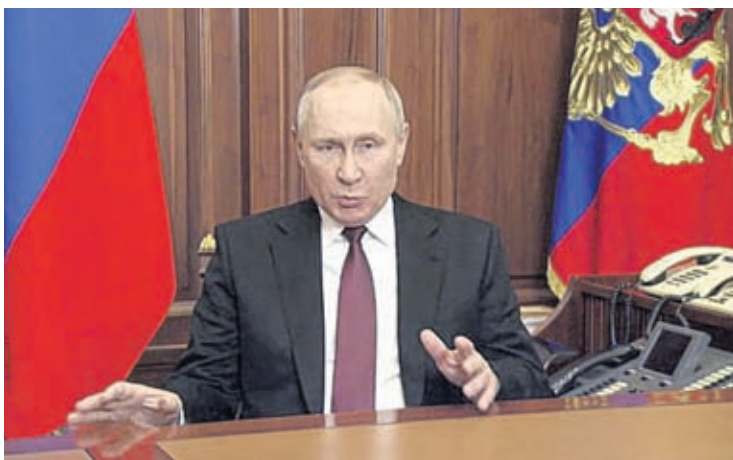

Before that, even young people understood the terrifying idea behind the strategy of mutual assured destruction -- MAD for short -- a balance in nuclear capabilities that was meant to keep hands on each side off of the atomic trigger, knowing that any use of the doomsday weapons could end in the annihilation of both sides in a conflict.

And amazingly, no country has used nuclear weapons since 1945, when President Harry Truman dropped bombs on Japan in the belief that it was the surest way to end World War II quickly. It did, but at a loss of about 200,000 mostly civilian lives in Hiroshima and Nagasaki. Around the world, even today, many regard that as a crime against humanity and

question if it was worth it.

For a brief time after the war, the United States had a nuclear monopoly. But a few years after, the Soviet Union announced its own nuclear bomb and the two sides of the Cold War engaged in an arms race to build and develop increasingly more powerful weapons over the next few decades.

With the end of the Soviet Union in 1991, and its transformation to a hoped-for democracy under Boris Yeltsin, the United States and Russia agreed to limits on their armaments. Other post-Soviet countries like Ukraine, Kazakhstan and Belarus voluntarily gave up the nukes on their territory after the Soviet Union dissolved.

## NATO leaders meet to reassure allies near Russia, Ukraine

**(AP) — U.S. President Joe Biden and his NATO counterparts sought Friday to reassure member countries on the alliance's eastern flank that their security is guaranteed as Russia's large-scale invasion of Ukraine closes in on the capital, Kyiv.**

With Ukrainian President Volodymyr Zelenskyy appealing for help, NATO members ranging from Russia's neighbor Estonia in the

north down to Bulgaria on the Black Sea coast triggered urgent consultations about their security. Only Hungary refrained.

The leaders, meeting via videoconference, were taking stock of NATO's own military buildup. The world's biggest security organization previously had around 5,000 troops stationed in the Baltic countries — Estonia, Latvia and Lithuania — and Poland, but has significantly beefed up its defenses over the past three months.

"Russia has shattered peace on the European continent. What we have warned against for months has come to pass despite all of our efforts to find a diplomatic solution," NATO Secretary-General Jens Stoltenberg said as he opened the summit.

"Moscow bears sole responsibility for the deliberate, cold-blooded and long-planned invasion," he added. Ahead

of the summit, Stoltenberg had vowed that the 30-nation military organization would "defend every ally against any attack on every inch of NATO territory."

Some of NATO's 30 member countries are supplying arms, ammunition and other equipment to Ukraine, but NATO as an organization isn't. It won't launch any military action in support of Ukraine, which is a close partner but has no prospect of joining.

The Baltic members, however, have said the West should "urgently provide Ukrainian people with weapons, ammunition and any other kind of military support to defend itself as well as economic, financial and political assistance and support, humanitarian aid."

NATO began beefing up its defenses in northeastern Europe after Russia annexed Ukraine's Crimean

Peninsula in 2014. Recently, some members have also sent troops, aircraft and warships to the Black Sea region, near allies Bulgaria, Romania and Turkey.

Short-term, NATO has activated an emergency planning system to allow commanders to move forces more quickly. The Pentagon said Thursday that it is sending 7,000 troops to Europe in addition to 5,000 recently deployed personnel.

NATO surveillance aircraft have begun patrols inside allied territory. The planes would be able to watch Russian fighter jet and transport movements inside Ukraine, much as they monitored aircraft in Syria from Turkey's airspace.

The leaders are likely to consider Friday whether to activate the NATO Response Force, which can number up to 40,000 troops. A quickly deployable land brigade that is part of the NRF — made

up of 5,000 troops and run by France alongside Germany, Poland, Portugal and Spain — is already on heightened alert.

Lithuania declared a state of emergency Thursday. Lithuania borders Russia's Kaliningrad region to the southwest, Belarus to the east, Latvia to the north and Poland to the south.

The Baltic country's move allows for a more flexible use of state reserve funds and increased border protection, giving border guards greater authorities to stop and search individuals and vehicles in border areas.

"We cannot take the luxury to be (a) discussion club," Lithuanian President Gitanas Nausėda said overnight at an emergency summit of European Union leaders held to impose a "heavy price" on Russia through sanctions. "We need to take action."

## Rights advocates urge jet fuel sanctions against Myanmar

**(AP) — Some human rights advocates are urging governments to impose sanctions against supplying aviation fuel to Myanmar as its security forces carry out air strikes against opponents of the army-led administration.**

Calls to cut off jet fuel supplies gained attention after several major oil and gas companies, including Total and Chevron, said they would withdraw from ventures in the country, potentially reducing flows of hard currency to the military.

While Myanmar still produces oil and gas in partnerships with Thai, Japanese, Chinese and South Korean companies, it has no large-scale modern refineries and imports all its aviation fuel for both civilian and military use.

Widespread nonviolent protests followed a Feb. 1, 2021, military takeover that ousted the elected government of Aung San Suu Kyi. An armed resistance has grown after peaceful protests were put down with lethal force. The country now faces an insurgency that some experts characterize as a civil war.

More than 1,560 civilians

have been killed by the security forces, including some in air strikes, according to monitoring groups.

So far, no governments have banned or otherwise sanctioned supplying aviation fuel to Myanmar, although the British government recently urged companies to avoid providing products that might be used in such attacks.

In the past, the U.S. has barred provision of aviation fuel to Russian forces in Syria.

This week, the European Union imposed sanctions against state-owned Myanmar Oil and Gas Enterprise, a joint venture partner in all the country's offshore gas projects. That includes the Yadana gas field, which Total Energies and Chevron recently said they would quit.

Air travel with and inside Myanmar has dropped sharply due to the political violence and the pandemic, but imports of aviation fuel continue. Critics of the Myanmar military want those stopped to prevent security forces from carrying out air attacks in areas where dissidents have sought refuge, some of which are controlled by eth-

nic armed groups.

Those opposed to targeting aviation fuel say it would hinder commercial aviation and efforts to provide aid to tens of thousands of people displaced by civil strife after last year's military takeover.

Burma Campaign UK said it is calling for sanctions on Myanmar companies involved in supplying jet fuel to the military and on foreign companies to prevent their involvement in "any aspect" of supplying aviation fuel to the country, including insurance and other support services.

Justice for Myanmar, a human right alliance, said it is still researching aviation fuel supply chains, but that the air attacks should stop.

National Energy Puma Aviation Services Co Ltd. (NEPAS), a joint venture between Singapore-based Puma Energy Co. and state-owned Myanmar Petrochemical Enterprise, was Myanmar's main supplier of aviation fuel before the military takeover. Puma Energy suspended its business there days later, leaving operations to its local partner.

Most aviation fuel for Myanmar is supplied either from Singapore or Malaysia. Marinetraffic.com and other ship tracking sources show a steady stream of oil products shipments moving between Singapore and Malaysian ports to Yangon and nearby Thilawa port.

The Panamanian-flagged chemical and oil products tanker Super Hero was moored Thursday near the terminal for Puma Energy at Thilawa after having left Singapore Refining Co. a few days earlier, ship tracking sites showed.

Myanmar port information obtained by rights advocates indicated it was a load of Jet A1 aviation fuel, however it

was unclear whose product was in the shipment.

Singapore Refining Co. is a 50-50 joint venture between Chevron and Singapore Petroleum Co., which is a wholly owned subsidiary of PetroChina, one of China's big state-owned energy giants. Previous reports have documented shipments of aviation fuel from PetroChina by tanker from Singapore.

Chevron said in response to an inquiry about the shipment that it was complying with all relevant laws and regulations, including trade sanctions, and noted its recent decision to leave Myanmar.

## Russia loses Champions League final to Paris; Sochi F1 axed

**(AP) — Russia was stripped of hosting the Champions League final by UEFA on Friday with St. Petersburg replaced by Paris, and Formula One dropped this season's Russian Grand Prix at Sochi, as the invasion of Ukraine drew punitive measures across the sporting world.**

Manchester United also dropped Russian state-owned airline Aeroflot as a sponsor citing "events in Ukraine" after the company was banned in Britain on Thursday as part of sanctions.

Although UEFA still has Gazprom as a Champions League sponsor, the final will no longer be staged at the St. Petersburg stadium named after the Russian state-owned energy firm. The climax to the European men's football season will still be held on May 28 but now at the 80,000-seat Stade de France in the Saint-Denis suburb of the French capital after the decision by UEFA's executive committee.

It followed discussions led by UEFA President Aleksander Ceferin that involved the European Commission and French President Emmanuel Macron in recent days after concerns were raised about the status of Russia retaining

such a prestigious event after its aggression toward another European country.

UEFA thanked Macron for his "personal support and commitment to have European club football's most prestigious game moved to France at a time of unparalleled crisis."

Alexander Dyukov, a Russian member of the UEFA executive committee, complained the decision was taken for "political reasons." Dyukov also opposed UEFA ordering Russian clubs and national teams to play at neutral venues until further notice — a ruling also imposed on Ukrainian sides.

The move comes as Russian bombs and troops pounded Ukraine during the invasion's first full day, and world leaders on Friday began to fine-tune a response meant to punish the Russian economy and its leaders, including President Vladimir Putin's inner circle.

The F1 race wasn't due until September in the Black Sea resort of Sochi but the motorsport series leadership decided it would be "impossible" to stage the Grand Prix after talks with teams and the FIA governing body. American team Haas also dropped

the sponsorship of Russian company Uralkali during preseason testing in Barcelona. Nikita Mazepin of Haas is the only Russian driver on the F1 grid this season.

"We are watching the developments in Ukraine with sadness and shock and hope for a swift and peaceful resolution to the present situation," F1 said in a statement.

The French government will work with UEFA to help to rescue footballers and their families who "face dire human suffering, destruction and displacement," European football's governing body said in a statement.

There is the unresolved matter of Russia still being due to host Poland in World Cup qualifying playoff semifinals in Moscow. Poland wants the game taken out of Russia, but FIFA has yet to decide.

UEFA was more decisive on the Champions League final hosting, which was welcomed by the British government.

"Russia must not be allowed to exploit sporting and cultural events on the world stage to legitimize its unprovoked, premeditated and needless attack against a sovereign democratic state," said

British Culture Secretary Nadine Dorries, who has the sports brief.

This is the third consecutive year that UEFA has had to change its Champions League final location after two switches due to coronavirus issues. The Stade de France last hosted the Champions League final 16 years ago, when Barcelona beat Arsenal in the 2006 final.

UEFA has two weeks before the next set of Champions League games to resolve the issue of Gazprom adverts flashing around stadium pitches. Reinforcing the company's close links to UEFA, Dyukov is a CEO of a Gazprom subsidiary as well as sitting on European football's top decision-making body.

Gazprom's logo has already been removed this week from the jerseys of German club Schalke but it remains a sponsor.

Away from soccer, the International Ski Federation announced that Russia will not host any more of its World Cup events this winter. The decision came after a farcical attempt to hold ski cross races on Friday in the Urals resort Sunny Valley one day after Russia started an invasion of Ukraine.

Only a handful of Russians started and dozens of racers from all other countries did not take part. FIS cited "the safety of all participants and to maintain the integrity of the World Cup" for calling off five scheduled events in the next month. Replacement venues are being sought.

## World ski body cancels all upcoming events in Russia

**(AP) — Russia will not host any more World Cup**

**events organized by the International Ski Federation (FIS) this winter, the governing body said Fri-**

**day.**

It announced the decision after a farcical attempt to hold ski cross races Friday in the Urals resort Sunny Valley one day after Russia started a military invasion of Ukraine.

Only a handful of Russians started and dozens of racers from all other countries did not take part. The non-starters included new Olympic champions Ryan Regez of Switzerland and Sandra Naeslund of Sweden.

FIS cited "the safety of all participants and to maintain the integrity of the World Cup" for calling off five scheduled events in the next month. Replacement venues are being sought.

A World Cup event in free-style aerials was also scheduled this weekend in Yaroslavl. Women's ski jumping

competitions were scheduled between March 18-27 at Nizhny Tagil and Chaikovsky. Cross-country races were due in Tyumen on March 18-20.

At Sunny Valley, just six Russians started out of 61 scheduled racers in men's ski cross qualification. Seven Russians among 24 listed starters took part in the women's event.

FIS said regarding the ski cross and aerials skiers already in Russia that it was "working closely with the involved stakeholders to ensure their quick return back home."

Norway's ski federation had already asked FIS to cancel the planned events in Russia, with its president Erik Røste saying "this is bigger than sport and that sport cannot be neutral in such a situation."

## Grambling hires former Baylor coach Briles as top assistant

**(AP) — Grambling State football coach Hue Jackson has hired disgraced former Baylor coach Art Briles as offensive coordinator, the university confirmed Thursday.**

Briles has not worked in college football since 2016, when he was fired by Baylor after an investigation concluded he and his staff took no action against players named in sexual assault allegations.

Grambling has not made a formal an-

nouncement, but made Briles available for an exclusive interview with KTAL-TV in Shreveport.

In his interview, Briles said “reporting policies and procedures were not as available as they should have been” during his time at Baylor because the university did not have “a Title IX person” until the fall of 2015.

“You report what you know. We did the best we felt at the time. Apparently, it wasn’t good enough — it wasn’t good enough,” Briles added.

“I’m sorry for anybody that suffered any consequences because of it.”

At Grambling, Briles said he’ll do “exactly what I’m required to do and what they expect of me, which is to be a very solid citizen, to be a positive leader on a day-in and day-out basis, to do everything I can do to protect our students and our student-athletes on campus.”

Briles coached at Baylor from 2008-15, going 65-37. Boasting one of then more prolific spread offenses in college football, the Bears were regularly ranked in the AP Top 25 during his tenure and twice received bids to major “New Years Six” bowls. Baylor had four 10-win seasons in a five-year span from 2011-15, after only winning 10 games once before that.

Before his time at Baylor, Briles coached at Houston from 2003-2007.

At Grambling, Briles takes over for Ted White, who left to join the NFL’s Houston Texans.

Last summer, an NCAA panel cleared Briles of committing any rules violations, but also made it clear that it found Briles’ conduct at Baylor unethical.

The NCAA infractions panel stated

that Briles “failed to meet even the most basic expectations of how a person should react to the kind of conduct at issue in this case. Furthermore, as a campus leader, the head coach is held to an even higher standard. He completely failed to meet this standard.”

Baylor paid Briles more than \$15 million after firing him. He later acknowledged making mistakes and apologized for “some bad things” that happened under his watch.

Briles coached briefly in Italy and then at a Texas high school in Mount Vernon.

Briles said he expects to face some backlash at Grambling and figures there’s nothing he can say now to avoid that, but hopes he can show over time that he can be trusted to do what’s expected of him.

“The only way you can gain trust is how you perform on a daily basis, how you interact with people on a daily basis. And then you have the opportunity to gain some trust,” Briles said in his TV interview. “There’s not a magic wand you can say it and then all of a sudden somebody is going to trust you. You have to earn that trust and that’s certainly what I’ll do.”

## Kurt Kitayama shoots 64 to lead Honda Classic

**(AP) — Kurt Kitayama came into the Honda Classic with 25 previous appearances on the PGA Tour, most of them ending by missing the cut.**

He’s on track to do a bit better this week in the Honda Classic.

Kitayama — ranked No. 289 in the world — was nearly flawless at PGA National on Thursday, shooting a 6-under 64 to take a one-shot lead over Daniel Berger, Chris Kirk and Rory Sabbatini. It was Kitayama’s best score in 69 rounds on the PGA Tour, fueled by a career-best run of four consecutive birdies on his second nine.

And he qualifies as a surprise leader, considering even he didn’t expect a start like this.

Berger also was bogey-free, and missed an 8-foot birdie try on the par-5 18th to settle for 65.

Peter Uihlein and Danny Willett were among the group at 67. Brooks Koepka, a Palm Beach County native basically playing a home game this week, was in a group at 68. And Joaquin Niemann, the Genesis last week at Riviera in Los Angeles, was 4 under through 12 before giving it all back and settling for an even-par 70.

“I didn’t do anything to really deserve to be 4 or 5 under,” Koepka said. “That’s a great score here. Just kind of ho-hummed it around.”

After several days of off-course drama coming from Phil Mickelson’s words, Greg Norman’s wants and the PGA Tour going on the offensive, there may have been hope that on-course events would return to the forefront.

Norman decided he wanted otherwise.

Norman — who runs LIV Golf Investments, the group financed mainly by the Saudi Arabia sovereign wealth fund chaired by Crown Prince Mohammed bin Salman — offered the latest twist by releasing a letter he sent to PGA Tour Commissioner Jay Monahan. Norman accused Monahan of “bullying and intimidating” players into staying on the tour and spurning the proposed super league Norman has been working on with the Saudis.

He says players want to play. It’s unclear who does; many top players in recent days have insisted otherwise, and Rory McIlroy went as far as to say the notion was “dead in the water.”

Monahan said this week that players who sign up for a Saudi golf league

will lose their PGA Tour membership and should not expect to get it back.

In other news, actual golf was played.

Kitayama started on the back nine, opened with three consecutive birdies, then had the run of four consecutive birdies — capped by rolling in a 20-footer from just off the green on the par-4 6th, his 15th hole of the day.

He made it look easy. So did Sabbatini and Berger.

Sabbatini, the 2011 Honda winner, had a bogey-free round of 65 with

four birdies on the back nine. It was the first time Sabbatini played PGA National as a pro without making a single bogey.

Berger — whose back has been iffy in recent weeks — was 5 under through 11, then finished with seven consecutive pars.

Neither Kitayama nor Sabbatini is a bomber; Kitayama entered the week tied for 74th in driving distance on tour, Sabbatini tied for 172nd. That makes PGA National to their liking, considering it’s not a course that gets overpowered.
